

Enerco Group Inc. has been a proud member of the U.S Customs & Border Protection Agency's CTPAT (Customs Trade Partnership Against Terrorism) program since May of 2004. The security of our supply chain has been and continues to be a major initiative of our sourcing and International shipping strategy.

Enerco Gorup Inc. will always be committed to protecting our supply chain from person(s) or organizations that attempt to use our international supply chain to commit criminal and terroristic activities. Enerco Group Inc. understands that it is incumbent that all U.S companies involved in International Trade must protect their supply chains and enhance the security of the U.S border.

EGi Security Team is comprised of the following members:

**Supply Chain Security Members:**

- Longhai Wang Vice President (VP) Operations
- Derek DuRoss Director Global Supply Chain
- Kathy Davis International Logistics Manager
- Patrick Milligan Sourcing Manager
- Steve Sewell Director DC Operations

Supply Chain Security is a major condition for doing business with EGI. We promote a culture here and with our International suppliers to support a secure supply chain while promoting awareness of Enerco Groups Inc. required security measures and efforts to uphold these standards.
